# 1 Introduction

The Language Technologies Institute (LTI) has prepared this statement of policies, program requirements, guidance, process and procedures for students in the M.S. in Artificial Intelligence and Innovation (MSAI) program. A copy of this handbook is also available online at the program website: [msaii.cs.cmu.edu](http://msaii.cs.cmu.edu).

The University Student guide, The Word, which details university-wide policies, is also available online at [www.cmu.edu/student-affairs/theword](http://www.cmu.edu/student-affairs/theword).

Additional resources specific to graduate students can be found at [www.cmu.edu/graduate/policies/](http://www.cmu.edu/graduate/policies/)

It is the student's responsibility to be familiar with all policies related to their educational and community experience at Carnegie Mellon University.

## 1.1 The MSAI Degree

The M.S. in Artificial Intelligence and Innovation (MSAI) is a professional master's program offered by the Language Technologies Institute (LTI) in the School of Computer Science at Carnegie Mellon University. This program seeks to educate students in the innovative use of artificial intelligence to create practical solutions in a variety of application areas. As artificial intelligence matures, there is a great need for students who can envision, design, plan and deliver solutions that integrate AI technologies such as deep learning, natural language processing, robotics and big data analytics into innovative applications. The program stresses both intrapreneurship and entrepreneurship and encourages students to develop ideas for startups and for introduction into established companies.

The curriculum is designed for students who have a strong background in computer science with interest in in-depth study of AI to enable them to develop real-world applications, especially in areas to which AI has not yet been applied. The integrated curriculum includes coursework and team projects leading to a full-semester capstone project to produce a working prototype.

The MSAI is a successor program to the MS in Biotechnology Innovation and Computation (MSBIC), which is in its last year in 2018-2019. Students entering their second year and whose visa status permits will have a choice of receiving either the MSBIC or the MSAI degree in May 2019. Students whose visas were issued based on entry to the MSBIC program must receive the MSBIC degree.

## **1.4 Carnegie Mellon University Statement of Assurance**

Carnegie Mellon University does not discriminate in admission, employment, or administration of its programs or activities on the basis of race, color, national origin, sex, handicap or disability, age, sexual orientation, gender identity, religion, creed, ancestry, belief, veteran status, or genetic information. Furthermore, Carnegie Mellon University does not discriminate and is required not to discriminate in violation of federal, state, or local laws or executive orders.

Inquiries concerning the application of and compliance with this statement should be directed to the vice president for campus affairs, Carnegie Mellon University, 5000 Forbes Avenue, Pittsburgh, PA 15213, telephone 412-268-2056.

You may obtain general information about Carnegie Mellon University by calling 412-268-2000.

## **1.5 The Carnegie Mellon Code**

Students at Carnegie Mellon, because they are members of an academic community dedicated to the achievement of excellence, are expected to meet the highest standards of personal, ethical and moral conduct possible.

These standards require personal integrity, a commitment to honesty without compromise, as well as truth without equivocation and a willingness to place the good of the community above the good of the self. Obligations once undertaken must be met, commitments kept.

As members of the Carnegie Mellon community, individuals are expected to uphold the standards of the community in addition to holding others accountable for said standards. It is rare that the life of a student in an academic community can be so private that it will not affect the community as a whole or that the above standards do not apply.

The discovery, advancement, and communication of knowledge are not possible without a commitment to these standards. Creativity cannot exist without acknowledgment of the creativity of others. New knowledge cannot be developed without credit for prior knowledge. Without the ability to trust that these principles will be observed, an academic community cannot exist.

The commitment of its faculty, staff, and students to these standards contributes to the high respect in which the Carnegie Mellon degree is held. Students must not destroy that respect by their failure to meet these standards. Students who cannot meet them should voluntarily withdraw from the university.

The Carnegie Mellon Code can also be found online at [www.cmu.edu/student-affairs/theword/code.html](http://www.cmu.edu/student-affairs/theword/code.html)

## **1.6 The Reasonable Person Principle (RPP)**

It is a long-standing and revered principle of the School of Computer Science that members of our community are expected to act reasonably, and therefore we try to keep formal, written policies to a minimum. The faculty do not burden the students with numerous rules, and, in return, we expect the students to not try to find technical loopholes that violate the clear intent of program policies. In any situation not covered by an explicit rule, you should ask yourself how reasonable people would behave in that situation. The RPP does not alter University-wide policies.

## **2 The Language Technologies Institute**

### **2.1 Main Office**

The LTI reception desk is in room 5407 of the Gates Hillman Complex (GHC 5407). Mailboxes, printers, copiers, and other departmental resources are across the hall, in GHC 5404.

### **2.2 Photocopies and Printers**

The use of a photocopier requires an access code. An access code can be obtained from the LTI administrative staff. It is not to be shared with anyone outside of the department.

The use of a printer requires a CS user id (see the 'Computers' section). The School of Computer Science provides a number of black-and-white and color printers for use by students. The SCS Computer Facilities publishes a list of printers online at <http://www.cs.cmu.edu/-help/printing/>.

### **2.3 Office Space for MS Students**

Full-time students in the LTI's MS degree programs on the Pittsburgh campus have access to a shared office space to create a sense of community and provide space for working when on campus.

### **2.4 Computers for MS Students**

Students are expected to provide their own laptop computers that can be used to access university resources and complete course assignments. Laptops running Windows, MacOS, and Linux software are all acceptable.

MS students will be given a CS user id. A CS user id is required to use the LTI computer cluster, department printers, and other SCS services. The School of Computer Science has a Help Center located at 4203 GHC. They can be contacted at [help@cs.cmu.edu](mailto:help@cs.cmu.edu), extension 8-4231 from a campus phone, or 412-268-4231 from an outside line.

MS students will be given access to the LTI's computer cluster on an as-needed basis, to be used for course assignments, directed study projects, and/or the capstone project. The LTI cluster provides storage and computation for projects involving large datasets and/or lengthy computation.

### 3 Degree Requirements

#### 3.1 Course Grade and GPA Requirements

To receive the M.S. degree, all students must take and successfully complete at least 192 units of coursework. All required Core Courses must be completed with a grade of B or better. For the Knowledge Area Courses, students must maintain a B average. No grade lower than C shall be used for credit applied toward graduation. No undergraduate courses count toward the 192-unit requirement.

All Core courses are organized in sequence, and must be taken in the following order:

- Artificial Intelligence and Future Markets (11-651) – No prerequisite required.
- Competitive Engineering (11-695) – Prerequisite is the completion of 11-651 with a grade of "B" or better.
- Enterprise Development (11-654) – Prerequisite is the completion of 11-695 with a grade of "B" or better.
- Capstone (11-691) – Prerequisite is the completion of 11-654 with a grade of "B" or better.

These cohort courses are project-based and students must work on the program's project according to the instruction given and must complete the project in the Capstone (11-691)

Students are required to repeat any required course that they have completed with a grade less than the required minimum, preferably at the next offering. (Please note that Core courses and Knowledge courses are only offered once per year.) Students will be allowed to retake a required course only once. If a student fails in the second attempt, he or she will be dropped from the MSAIL program.

If a student fails an elective course, she or he will need to repeat the same or take a substitute course (equivalent course approved by the Director).

All grades count towards the program QPA, except for repeated courses, in which case the final grade replaces the previous grade. Students who do not achieve the required minimum grade in a

required course, who elect to take an “incomplete” in a required course, or whose cumulative grade point average is below a B (3.0), will be placed on academic probation. Students on probation are not eligible to graduate. Students who are placed on academic probation shall receive written a notice of this finding, including a list of measures that need to be taken to be removed from academic probation. A student on academic probation for two consecutive semesters may be dropped from the program.

The MSAIL program conducts an academic progress review at the conclusion of each semester in order to monitor individual student progress toward graduation. Should a student’s effort fall below the acceptable academic performance and/or fail to meet the standards established by the MSAIL program and Carnegie Mellon University, the student may be dismissed from the program.

Should a student’s overall QPA drop below 3.0 during any given semester, he/she will be placed on departmental probation for the following semester and will be required to improve his/her grades to no less than overall 3.0 QPA during that period. Failure to improve to an overall 3.0 QPA or better the following semester may result in termination from the program. In addition, a student who violates policies established by Carnegie Mellon University may be dismissed from the program.

After each academic progress review, a student may receive one or more letters, indicating the result of the review. Warning letters are issued for the following cases:

- 1) Overall QPA below 3.0 (Academic probation)
- 2) Semester QPA is below 3.0
- 3) Grade below B in a Core course
- 4) Academic Integrity Violation (AIV) according to the university policies.

A student may be terminated from the program under any of the following circumstances:

- 1) If a student has received two Academic Integrity Violation (AIV) letters.
- 2) If a student has received three warning letters of any type from the MSAIL program.
- 3) If the student has been found to have violated a University Policy for which termination is provided.

## **3.2 Course Requirements**

### **1) Summer Before Entrance**

Admitted students are required to take, pay for, and pass the 15-513 Introduction to Computer Systems course during the summer prior to their arrival at Carnegie Mellon, but the summer class is only 6 units and will not be counted toward graduation units. The MSAIL course offerings are available at [msaii.cs.cmu.edu/curriculum](https://msaii.cs.cmu.edu/curriculum). The university’s complete Schedule of Classes can be found at [www.cmu.edu/hub/courses](https://www.cmu.edu/hub/courses).

Students are then required to take and successfully complete the courses below:

**2) The Core Courses (84 units) - Must be taken in sequence:**

11-651 - New Technology & Future Market – (12 units). First Fall semester

17-762 – Law of Computer Technology (12 units). First Fall semester

11-695 - Competitive Engineering (12 units). First Spring semester

11-654 - Enterprise Development (12 units). Second Fall semester

In the event that a course is not available, a course covering equivalent material with a similar degree of difficulty may be substituted with the permission of the Director. If a student has already taken an equivalent course and shows proficiency in the subject area, a more advanced course in the area may be taken in place of these required courses with permission of the Director. Graduate students cannot receive credit for undergraduate courses.

**4) Electives:**

A minimum of 36 units of SCS courses must be taken. It is recommended to take one elective in the first fall semester, one or two in the first spring semester, one or two in the second fall semester and zero or one in the second spring semester. The university's complete Schedule of Classes can be found at [www.cmu.edu/hub/courses](http://www.cmu.edu/hub/courses).

### **3.3 Advising**

#### **3.3.1 Student Advising**

Every MSAIL student will be assigned an advisor. Before the course registration period each semester, students must meet with their advisor to discuss their course selection. New students will be given instructions to register for their classes during the MSAIL orientation.

#### **3.3.2 Monitoring Progress**

The advisor meets with the student at least twice a year, providing guidance and monitoring the student's overall progress.

### 3.4 Internship

Students are encouraged to seek an internship in an organization during the summer between the first and second years of the program. Although it is not a requirement, an internship will provide students with the opportunity to apply the knowledge and technical skills learned during the first year of the program, to gain insight into AI and future market needs to further their experience and develop a strong context for the second-year concentration coursework.

Students are encouraged to intern with an organization that corresponds to their individual area of interest and career goals.

All students who secure paid internships outside of Carnegie Mellon must register for three units in 11-935 (LTI Practicum). These courses can be taken once during the program with Pass/Fail and will be counted toward graduation units. International students must apply for Curricular Practical Training (CPT) for the internship by contacting the Office of International Education (OIE). To obtain CPT students need the offer letter spelling out employment dates, work hours, and wages or stipend.

Students are encouraged to contact the MSAIL Director or their advisor for assistance with their internship plans (i.e., resume, cover letters and making contacts).

International students who are interested in working in the U.S after graduation should apply for the Optional Practical Training (OPT). The office of International Education (OIE) oversees the OPT registration. To obtain OPT, students need the offer letter spelling out employment dates, work hours, etc. Note: OPT must only be used after students have completed the training at Carnegie Mellon.”

**NOTE:** Students are personally responsible for securing a suitable internship. The Career and Professional Development Center will assist in their search for counseling, workshops, and internship opportunity listings in CareerNavigator. We strongly suggest students begin the internship search beginning in the Fall of your first year. Some internship opportunities have application deadlines in the Fall, so by starting your search early, you won't miss out on these internships. The Career and Professional Development Center will assist students with the internship search, but does not match students with employers; obtaining an internship is students' responsibility.

The following steps are recommended to ensure a successful internship outcome.

#### September/October

- Meet with your advisor to discuss your interests and plan your internship search.
- Review the internships of previous students. We also encourage you to speak informally with second-year students who can offer first-hand information about their internships.

- Attend the Technical Opportunities Conference (TOC) at Carnegie Mellon for exposure to potential employers for internships.

#### **November/December**

- Begin researching organizations and internship opportunities. Pay close attention to organizations that have established internship programs and their deadlines.
- Attend the workshops to perfect your resume, hone your interviewing skills, and gain knowledge about the internship search process.

#### **January/February**

- At this point, you should have a “short list” of organizations at which you would like to intern. This list can include organizations that have established internship programs as well as those that interest you without formal internship programs.
- Update your resume with relevant academic projects, coursework, etc.
- Begin utilizing your network for internship leads as well as checking organization's websites for internships.
- Make contact with employers, sending resumes and applications, and initiating internship interviews in person or by phone.
- Attend Network Nights and talk to alumni about internship opportunities in their organization. They are an excellent resource for learning more about a particular organization, career field or employment opportunity. You can find alumni in the Alumni Directory, Alumni Career Advisor Network, and Carnegie Mellon Alumni LinkedIn Network.

#### **March/April**

- At this point, you should have secured an internship or be interviewing with various organizations.
- Prepare a backup plan if your first choice internships do not work out.
- Attend relevant Network Nights and Career Fairs at Carnegie Mellon.
- If you are an F-1 Visa student, you must apply for CPT.
- MSAIL students should enroll in 11-935 for three units. You will not have to pay tuition for this course.

### **3.5 MSAIL Orientation**

Each Fall semester, the MSAIL program provides a program orientation to help new students learn about the program. All new students are required to attend them and treat them seriously because it provides the detailed process of the program sequence, its Core and Knowledge courses requirements and how students will meet the program learning outcomes.

### 3.6 End of Semester Evaluation (“Black Friday”)

The MSAll program conducts an academic progress review at the conclusion of each semester in order to monitor individual student progress towards graduation. Should a student’s effort fall below the acceptable level of academic performance and/or fail to meet the standards established by the MSAll program, the student may be dismissed from the program.

After each academic progress review, a student may receive one or more letters, indicating the result of the review. Warning letters are issued for the following cases:

- 1) Overall QPA below 3.0 (Academic Probation)
- 2) Semester QPA is below 3.0
- 3) Grade below B in a core course
- 4) Academic integrity violation (AIV) according to the university policies.

A student may be terminated from the program for any of the following cases:

- 1) If a student has received two Academic Integrity Violation (AIV) letters
- 2) If a student has received three warning letters of any type from the MSAll program
- 3) If the student has been found to infringe a University Policy, where such infringement is deemed terminable.

At the end of the semester, the faculty evaluates each student's academic progress. The student's advisor serves as the student's advocate in this process. If a student seems to be having trouble, the faculty determines whether it believes that the student can finish the degree, and if so, what needs to be accomplished to get back on track. This type of letter should be considered a serious warning. It is **not** a permanent "black mark" on the student's record; if the student begins making satisfactory progress again, there is no official record of the letter in the student's transcript.

In the most serious cases, the faculty gives the student a letter that specifies a list of conditions that the student must satisfy by specific deadlines. Failure to meet all of the specified conditions may result in the student's termination from the program.

### 3.7 Enrollment Verification

Enrollment Services is the only University office that can provide an official letter of enrollment, official transcript, and enrollment verification. Enrollment verification can be requested online through The HUB at [www.cmu.edu/hub/transcripts/verifications/enrollment.html](http://www.cmu.edu/hub/transcripts/verifications/enrollment.html).

## 3.8 University Policies on Grades and Grading

### 3.8.1 University Policy on Grades

[www.cmu.edu/policies/student-and-student-life/grading.html](http://www.cmu.edu/policies/student-and-student-life/grading.html)

This policy offers details concerning university grading principles for students taking courses and covers the specifics of assigning and changing grades, grading options, drop/withdrawals, and course repeats. It also defines the undergraduate and graduate grading standards.

### 3.8.2 University Policy on Grades for Transfer Courses & PCHE

[www.cmu.edu/policies/documents/TransferCredit.html](http://www.cmu.edu/policies/documents/TransferCredit.html)

Carnegie Mellon University offers students the opportunity to take courses for credit through a cross-registration program (see Pittsburgh Council on Higher Education (PCHE) and Cross-registration below) and through the receipt of transfer credit from other accredited institutions. The Carnegie Mellon University transcript will include information on such courses as follows: Carnegie Mellon courses and courses are taken through the university's cross-registration program will have grades recorded on the transcript and be factored into the QPA. All other courses will be recorded on this transcript indicating where the course was taken but without a grade. Such courses will not be taken into account for academic actions, honors or QPA calculations. (Note: Suspended students may take courses elsewhere; however, they may receive transfer credit only if their college's and department's policies allow this.)

## 3.9 Academic Integrity

Carnegie Mellon's Academic Integrity policy is posted at [www.cmu.edu/academic-integrity/](http://www.cmu.edu/academic-integrity/). All students are expected to be familiar with this policy, including the university-wide protocol for handling academic integrity violations.

It is an **absolute requirement** that the work you submit must be your own, unless you specifically identify the source of any material that is not yours. This includes quotations and material from websites. In any written work (including presentations) you **MUST** list any person other than yourself who assisted you in preparing that work. Any student who violates the academic integrity policy will be subject to a University review that may result in suspension or expulsion under University policies. **THE PROGRAM DIRECTOR, THE FACULTY AND THE UNIVERSITY ARE VERY SERIOUS ABOUT ENFORCEMENT OF THE ACADEMIC INTEGRITY POLICY.**

You are not permitted to copy material from web pages, including Wikipedia, and present them as your own work. Any copied material **MUST** appear in quotation marks or italics and must be accompanied by a citation to the original source. Failure to do this violates CMU's Policy on

Academic Integrity, which states, "In all academic work to be graded, the citation of all sources is required. ... Plagiarism is defined as the use of work or concepts contributed by other individuals without proper attribution or citation. Unique ideas or materials taken from another source for either written or oral use must be fully acknowledged in academic work to be graded."

It is a violation of academic integrity for you to assist anyone else in violating the policy or to provide your work to others to assist them. Because team deliverables are the product of joint work, it is the responsibility of each member of a team to ensure that all team materials have been produced in conformance with CMU policies. Credit cannot be given for work that is not a student's own. Therefore, if one member of a team violates a policy, for example, by copying material from the Internet without indicating its source, then no one on the team can receive credit for that work, even if only one student is directly guilty of violating the policy.

We are aware that acts that constitute cheating can be viewed very differently in different countries and cultures. However, Carnegie Mellon is a U.S. university and its policies reflect U.S. culture. Employers expect that students who graduate from Carnegie Mellon have obtained their degree legitimately and according to Carnegie Mellon policies. If you have any doubt whether proposed conduct would be considered cheating under Carnegie Mellon policies, ASK A FACULTY MEMBER OR THE DIRECTOR FIRST.

All violations of the Academic Integrity policy MUST be reported to the University administration by the faculty members involved. Copies go to the Program Director, the Head of the Language Technology Institute, the Associate Dean for Master's Programs, and various officials at Warner Hall. The faculty do not have the option to decline to make a report. The offending student will receive an email to inform them of an Academic Integrity Violation (AIV). The email will specify the offense and the penalty, and will inform the student of available appeal procedures. An AIV that is successfully appealed is erased.

**Important note:** The university policy gives a department the option of "conven[ing] a disciplinary hearing according to the procedures of the department/program." The LTI has a "two strikes" rule. The LTI may expel a student for a first violation, depending upon the circumstances and severity of the violation. **The LTI always expels a student for a second violation, with no exceptions.**

## 4 Academic Policies

### 4.1 Course Registration

### **4.1.1 Status**

All Students must be registered for at least 48 units during each semester. Any questions about registration should be directed to the Enrollment Services (the HUB). Note that International students are required to be registered as full-time students, **minimum 36 units**.

### **4.1.2 Academic Calendar**

The Academic Calendar can be found at [www.cmu.edu/hub/calendar.html](http://www.cmu.edu/hub/calendar.html). All dates about registration, add/drop deadlines, university holidays and more can be found there.

### **4.1.3 Online Registration**

All new students will already be registered for required courses and will be able to register for electives during the MSAll orientation session. After that, students will register following the schedule set by the HUB. Note that students must meet with their advisor to obtain approval for their course selection. Registration information is available at [www.cmu.edu/hub/online\\_services](http://www.cmu.edu/hub/online_services). Online registration is done with an Andrew ID at [www.cmu.edu/hub/sio](http://www.cmu.edu/hub/sio).

Students must register for at least 48 units per semester.

### **4.1.4 Pass/Fail Courses**

With the approval of their advisor, a graduate student may elect to take a course pass/fail (P/F). By the deadline for changing a course to P/F, the student must fill out the Pass/Fail Approval Form and receive permission from the course's instructor. Classes taken P/F cannot be used to fulfill graduation requirements, and P/F status is irrevocable. (P/F form can be found at [www.cmu.edu/hub/forms](http://www.cmu.edu/hub/forms))

### **4.1.5 Auditing a Course**

With the approval of their advisor, a graduate student may audit a course by obtaining the permission of the instructor or teaching department and completing the Course Audit Approval Form. Audited classes are not taken for credit and cannot be used to fulfill graduation requirements. (Audit form can be found at [www.cmu.edu/hub/forms](http://www.cmu.edu/hub/forms).)

### **4.1.6 Adding a Course**

During the ADD period of each semester (the first two weeks of the semester), students may add a course by registering online. After the ADD deadline, they may add a course by completing the Late Add Request form and obtaining the permission of both: 1) the instructor or teaching department and 2) their advisor. (Add form can be found at [www.cmu.edu/hub/forms](http://www.cmu.edu/hub/forms))

### **4.1.7 Dropping a Course**

Students may withdraw from a course online. The university has a DROP deadline toward the end of the semester, after which the course appears on the student's transcript as withdrawn (W). The last day to withdraw from a class is the final day of classes. Complete the Retroactive Add/Drop form (found at [www.cmu.edu/es/forms/](http://www.cmu.edu/es/forms/)), the student will need to obtain the permission of both: 1) the instructor or teaching department and 2) the advisor. Note that the Core courses and some Knowledge courses are only offered once per year so dropping a course may delay program completion.

**Note:** International students must maintain a minimum of 36 units (Full time) to meet the U.S. government's visa requirement. Please check with the Office of International Education (OIE) for more information.

### **4.1.8 Leave of Absence**

Students who need to delay their studies for personal, medical or academic reasons may do so with a leave of absence (leaving the university temporarily with a commitment to return). Students must contact the MSAIL Director to discuss their plans and fill out the appropriate form. The student's place in the program will be held until a mutually determined time. For more information refer to [www.cmu.edu/policies/documents/StLeave](http://www.cmu.edu/policies/documents/StLeave). When planning to return from Leave of Absence students must complete the appropriate paperwork before returning to the University.

### **4.1.9 Withdrawal**

Students who need to withdraw from the program (leave the university with no intention of returning) for personal, medical or academic reasons must contact the MSAIL Director to discuss their plans and fill out the appropriate form. For more information refer to [www.cmu.edu/policies/documents/StLeave](http://www.cmu.edu/policies/documents/StLeave).

## **4.2 Tuition and Fees**

Information about tuition and fees is available at [www.cmu.edu/hub/tuition/index](http://www.cmu.edu/hub/tuition/index). MSAIL students will pay tuition according to the rates set for the School of Computer Science. All tuition and fees must be paid in full by the due date; a student not in good financial standing will be dismissed from the program. Students taking summer courses must pay tuition.

## **4.3 Graduation Ceremonies**

The University holds one Commencement ceremony in May of each year. Only students who have completed their degree requirements may participate in Commencement.

There are no August or December commencement ceremonies.

## **4.4 LTI Academic Policies**

### **4.4.1 “Grandfather” policy**

A student can graduate under the policies in effect at the time that the student entered the program; or, at the student's choice, the student can graduate under policies that are adopted after the student entered the program. If it is not realistic to follow a particular policy exactly, the department may approximate the policy as closely as possible; this situation is rare and typically arises only when a student is enrolled in the program for an extended period.

### **4.4.2 Definition of transfer *credit* versus course *exemption***

The LTI may grant transfer *credit* or issue an *exemption* for equivalent graduate courses previously completed at another institution. This decision rests with the chair of the particular program. If a student is *exempt* from a required course due to prior courses or experience, the student can replace that course with an open elective. The student does not receive credit for the external course but can take any course that could normally count toward the degree in its place. If a student receives *credit* for prior coursework completed at Carnegie Mellon or elsewhere, the student receives that many units of credit and the total amount of required coursework is reduced by that amount.

### **4.4.3 External Employment/Consulting**

Students funded by LTI research projects are expected to work primarily on those projects. Since consulting provides useful experience, students are generally permitted to consult at most one day per seven-day week, with the advisor's consent. International students must also have approval in advance from the Office of International Education (OIE).

### **4.4.4 Leave of Absence**

The LTI discourages Leaves of Absence (LOA) since students usually do not return, despite good intentions. However, a student in good standing may be granted a LOA of at most one year, upon written request to the MSAIL Director and with the consent of the student's advisor. It is the responsibility of the student on LOA to contact the LTI to initiate a return to the program.

Students taking or returning from a leave of absence must follow the university's leave of absence process, which is described at <http://www.cmu.edu/hub/registration/leave.html>.

#### **4.4.5 Satisfactory Progress**

If a student does not make satisfactory progress each semester toward completing the degree, the LTI may remove the student from the program. See section on “End of Semester Evaluation.”

#### **4.4.6 Winter and Summer Breaks**

Students supported by research projects are expected to remain on campus working during breaks in classes. A two-week vacation is typically allowed in the summer. The normal winter break policy is that the student works 40 hours per week for two weeks, and takes vacation for the other two weeks.

### **4.5 Carnegie Mellon Academic Policies**

#### **4.5.1 Assistance for Individuals with Disabilities**

The Office of Disability Resources at Carnegie Mellon University has a continued mission to provide physical and programmatic campus access to all events and information within the Carnegie Mellon community. We work to ensure that qualified individuals receive reasonable accommodations as guaranteed by the Americans with Disabilities Act (ADA) and Sections 503 and 504 of the Rehabilitation Act of 1973. Students who would like to receive accommodations must submit a [Voluntary Disclosure of Disability Form](#) to [access@andrew.cmu.edu](mailto:access@andrew.cmu.edu) to begin the interactive accommodation process.

For more information, please see [www.cmu.edu/hr/eos/disability](http://www.cmu.edu/hr/eos/disability). Students with disabilities are encouraged to self-identify with Equal Opportunity Services by contacting Larry Powell, 412-268-2013, [lpowell@andrew.cmu.edu](mailto:lpowell@andrew.cmu.edu) to access the services available at the university and initiate a request for accommodations.

#### **4.5.2 Summary of Graduate Student Appeal and Grievance Procedures**

Students who believe that they have been inappropriately treated are encouraged to raise their concern(s) with the Program Director, department head, or other designated person in their department, college, or central administration according to University policies. No effort will be made to prevent or discourage anyone from availing themselves of such procedures (see Graduate Student Appeal and Procedures [www.cmu.edu/graduate/policies/appeal-grievance-procedures.html](http://www.cmu.edu/graduate/policies/appeal-grievance-procedures.html)).

Graduate students will find the Summary of Graduate Student Appeal and Grievance Procedures on the Graduate Education Resource web page. This document summarizes processes available to graduate students who seek review of academic and non-academic issues. Graduate students are expected to seek informal resolution of all concerns within the applicable

department, unit or program before invoking formal processes. When an informal resolution cannot be reached, however, a graduate student who seeks further review of the matter is to follow the formal procedures outlined here. These appeal and grievance procedures shall apply to students in all graduate programs of the University. Students should refer to the department specific information in this handbook for department and college information about the administration and academic policies of the program. Additionally, students may confer with the graduate student ombudsman, Suzie Laurich-McIntyre, [slaurichmcintyre@cmu.edu](mailto:slaurichmcintyre@cmu.edu), on issues of process or other concerns as they navigate conflicts.

### **4.5.3 Safeguarding Educational Equity:**

#### **Policy Against Sexual Harassment and Sexual Assault**

Sexual harassment and sexual assault are prohibited by Carnegie Mellon, as is retaliation for having brought forward a concern or allegation in good faith. The policy can be viewed in its entirety at [www.cmu.edu/policies/documents/SA\\_SH.html](http://www.cmu.edu/policies/documents/SA_SH.html). If you believe you have been the victim of sexual harassment or sexual assault, you are encouraged to make contact with any of the following resources:

- Office of Title IX Initiatives, <http://www.cmu.edu/title-ix/>, 412-268-7125
- Sexual Harassment Advisors, found in Appendix A of the Policy Against Sexual Harassment and Sexual Assault;
- Survivor Support Network, found in Appendix B of the Policy Against Sexual Harassment and Sexual Assault;
- Sexual Harassment Process and Title IX Coordinators, found in section II of the Policy Against Sexual Harassment and Sexual Assault;
- University Police, 412-268-2323
- University Health Services, 412-268-2157
- Counseling & Psychological Services, 412-268-2922

The MSAIL program has a ZERO TOLERANCE policy on sexual harassment and sexual assault. If you are found to have violated Carnegie Mellon policy, you will be dropped from the MSAIL program immediately without exception.

### **4.5.4 Cultural Tolerance**

The MSAIL program is extremely diverse for a program of its size. We have students from numerous different countries who must work effectively in a team setting. The students invariably come from very different cultures that have differing attitudes towards age, gender, and group interaction. The program management understands this, but the students must also

recognize that this program is being conducted in the United States and operates according to U.S. norms. Students and faculty, regardless of background, age, or rank, must deal with each other respectfully without insult or raised voices. It is impossible to conduct teamwork in any other way. **Violations will be dealt with harshly.** The Program Director is not sympathetic to such behavior, which will not be tolerated. Repeated infractions may result in termination from the program.

#### **4.5.5 Maternity Accommodation Protocol**

Students whose anticipated delivery date is during the course of the semester may consider taking time away from their coursework and research responsibilities. All female students who give birth to a child while engaged in coursework or research are eligible to take either a short-term absence or formal leave of absence. Students in course work should consider either working with their course instructor to receive incomplete grades or elect to drop to part-time status or to take a semester leave of absence. Students engaged in research must work with their faculty to develop plans for the research for the time they are away.

Students are encouraged to consult with relevant university faculty and staff as soon as possible as they begin making plans regarding time away. Students must contact the Office of the Dean of Student Affairs to register for Maternity Accommodations. Students will complete an information form and meet with a member of Dean's Office staff to determine resources and procedures appropriate for the individual student. Planning for the student's discussion with her academic contact(s) (advisor, associate dean, etc.) will be reviewed during this meeting.

#### **4.6 Statute of Limitations**

[www.cmu.edu/policies/documents/MastersStudentStatuteLimitations.html](http://www.cmu.edu/policies/documents/MastersStudentStatuteLimitations.html).

Students who have matriculated at Carnegie Mellon beginning Fall 2012 will complete all requirements for the master's degree within a maximum of seven years from original matriculation as a master's student, or less if required by a more restrictive department, school or college policy. Once this time-to-degree limit has lapsed, the person may resume work towards a master's degree only if newly admitted to a currently offered master's degree program under criteria determined by that program. (Carnegie Mellon Policy)

Under extraordinary circumstances, such as leave of absence, military or public service, family or parental leave, or temporary disability, a school or college may, upon the relevant department's recommendation and with the written approval of the dean (or designate), defer the lapse for a period commensurate with the duration of that interruption. Students who are pursuing a master's degree as part-time students for all semesters of their program, as approved by their program, may also appeal to their program or department for an extension of the time to degree limit. (Carnegie Mellon Policy)

Any request for a waiver of the statute of limitations must be approved by the Department Head and by the SCS Associate Dean for Masters Programs. The waiver request must explain the exceptional circumstances that warrant an extension. For cases in which a waiver is granted, the waiver will cover specific courses and will specify a time period for completion of the program.

See also the 'Duration of Study' policy.

## **5 Financial Issues**

### **5.1 Graduate Student Funding**

The LTI does not provide financial aid or support to students in the professional MS programs. Students are encouraged to seek financial aid and support from other sources. The HUB website ([www.cmu.edu/finaid/graduate/index.html](http://www.cmu.edu/finaid/graduate/index.html)) provides the Graduate Financial Aid Guide, information about funding options and how to apply for financial aid and other helpful links. Additional information on financial issues for graduate students can be found on the web at [www.cmu.edu/hub/new-grad/](http://www.cmu.edu/hub/new-grad/).

Students in the professional MS programs are not prohibited from seeking support as Teaching Assistants and Research Assistants. However, typically full-time MS students do not have time for these activities. Typically Research Assistantships are most likely to be awarded to students in Carnegie Mellon's research-oriented degree programs.

### **5.2 University Financial Aid**

Graduate students should consult the graduate student financial aid information found on The HUB website: [www.cmu.edu/finaid/graduate](http://www.cmu.edu/finaid/graduate). Students will find the Graduate Financial Aid Guide, information about funding options and how to apply for financial aid and other helpful links.

### **5.3 Health Insurance**

Carnegie Mellon has a Student Health Insurance policy requiring full-time, degree-seeking students to carry adequate medical insurance. Students must either purchase the plan offered by the University or an application for a waiver can be made if the student is "enrolled as the dependent, partner/spouse or principal in an employer or government-sponsored insurance plan" (see the Carnegie Mellon University Student Health Insurance Policy at [www.cmu.edu/policies/documents/StudentInsurance](http://www.cmu.edu/policies/documents/StudentInsurance)).

It is the responsibility of each student to make arrangements with Student Health Services to either pay for their insurance at the beginning of the semester, or elect a payment plan over the course of the academic year. More information is available at the Student Health Services Web site [www.studentaffairs.cmu.edu/HealthServices/insurance](http://www.studentaffairs.cmu.edu/HealthServices/insurance).

## **5.4 Emergency Loans**

[www.cmu.edu/student-affairs](http://www.cmu.edu/student-affairs)

All students regardless of their program are eligible for the Emergency Student Loan, which is an interest-free and emergency based loan repayable within 30 days. It is available through the Office of the Dean of Student Affairs; students may apply for the loan by stopping in to the Student Affairs Office, Warner Hall 301, or by calling (412) 268-2075 for an appointment.

## **6 Additional University Resources**

### **6.1 The HUB Student Services Center**

[thehub@andrew.cmu.edu](mailto:thehub@andrew.cmu.edu) and [www.cmu.edu/hub/](http://www.cmu.edu/hub/)

The HUB is located in Warner Hall, Lower Level. The HUB staff delivers comprehensive service and counsel to students and families regarding financial aid, billing and payment, registration and academic records. The Assistant Directors in The HUB serve as contacts for specific colleges and assist enrolled students with key aspects of the enrollment process. A student can find their assigned HUB Assistant Director on their Student Information Online (SIO) Resource page. Questions that need specialized, in-depth attention can be directed to the student's assigned Assistant Director. For general questions and information, students may email The HUB or call 412-268-8186.

### **6.2 Student Information Online (SIO)**

Student Information Online (SIO) is a secure site where students can find important, personalized information, including E-Bills and student account information, financial aid status and eligibility, grades and QPA, and course schedules. Students can update their and their spouse's or domestic partner's contact information, sign up for E-Check & E-Refund, authorize their spouses, domestic partners or another individual to receive a copy of their E-Bill, request verifications, view their housing and meal plan assignments, and much more. Students can log on to SIO by going to [www.cmu.edu/hub/sio](http://www.cmu.edu/hub/sio) and entering their Andrew User ID and password.

On SIO, students will designate an emergency contact address of a relative or family friend to be contacted in the case of an emergency. If students do not want their name and address published in the campus directory, they must notify the HUB in writing.

### **6.3 ID Cards**

Graduate students can obtain their ID card from The HUB once they have been entered into SIO for the semester. These cards identify their holders as members of the campus community. Student cards are deactivated upon the cardholder's separation from the university.

Affiliate ID Cards are available for spouses and partners of graduate students that allow them to access Carnegie Mellon's campus. These cards are available through The HUB to spouses and partners of graduate students who are enrolled for the current academic year in a full-time graduate degree program. The card is valid for one year. For information about domestic partner registration, visit the Office of the Dean of Student Affairs webpage: [www.studentaffairs.cmu.edu/dean/domestic\\_partner/](http://www.studentaffairs.cmu.edu/dean/domestic_partner/).

For more information about student and affiliate ID cards (spouse, domestic partners and dependent children), please visit [www.cmu.edu/idplus/idcards/cardtypes.html](http://www.cmu.edu/idplus/idcards/cardtypes.html).

### **6.4 Transcripts**

Information about and instructions for ordering transcripts are available at: [www.cmu.edu/hub/transcripts.html](http://www.cmu.edu/hub/transcripts.html). Transcript questions may be directed to [esg-transcripts@andrew.cmu.edu](mailto:esg-transcripts@andrew.cmu.edu).

### **6.5 Pittsburgh Council on Higher Education (PCHE) and Cross-registration**

[www.cmu.edu/policies/documents/CrossRegister.html](http://www.cmu.edu/policies/documents/CrossRegister.html)

Cross-registration provides an opportunity for enriched educational programs by permitting full-time graduate students to cross-register for courses (usually no more than one per semester) at a Pittsburgh Council on Higher Education (PCHE) Institution. Full-time Carnegie Mellon degree students are eligible and the PCHE course may not count towards full-time status unless the student is enrolled in an inter-university program. Students interested in taking advantage of this opportunity should be familiar with the Policy on Grades for Transfer Courses already outlined previously in this handbook.

Department specific information about graduate students' ability to cross register and transfer grades should be included here.

## 6.6 Student Privacy Rights and FERPA

[www.cmu.edu/policies/documents/StPrivacy.html](http://www.cmu.edu/policies/documents/StPrivacy.html)

This university policy notifies students of their rights under the federal Family Educational Rights and Privacy Act (FERPA). According to FERPA, students have the right to:

- inspect and review their education records;
- request an amendment to their education record if they believe they are inaccurate or misleading;
- request a hearing if their request for an amendment is not resolved to their satisfaction;
- consent to disclosure of personally identifiable information from their education records, except to the extent that FERPA authorizes disclosure without consent;
- file a complaint with the U.S. Department of Education Family Policy Compliance Office if they believe their rights under FERPA have been violated.

For questions about Student Privacy Rights, FERPA or filing a complaint, contact John Papinchak, University Registrar, [jp7p@andrew.cmu.edu](mailto:jp7p@andrew.cmu.edu), in Enrollment Services.

## 6.7 Academic Calendar

The official academic calendar is published by Enrollment Services. It is not uncommon for departments and colleges to have academic requirements that differ from or are in addition to those presented in the academic calendar provided to the campus community by Enrollment Services. This section is an opportunity for the department to confirm the official academic calendar for graduate students and provide the link to the calendar:

[www.cmu.edu/hub/calendar.html](http://www.cmu.edu/hub/calendar.html). Be clear about the expected academic calendar of the department, and/or provide additional information about formal requirements on a student's time.

## 6.8 Professional Development

The Career and Professional Development Center (CPDC) ([www.studentaffairs.cmu.edu/career/index.html](http://www.studentaffairs.cmu.edu/career/index.html)) at Carnegie Mellon is a centralized career center staffed by a team of seasoned and highly-educated professionals who orchestrate the career exploration, experiential learning, and career networking needs of students and alumni.

Carnegie Mellon's career and professional development model is grounded in discipline-specific career development, experiential learning, and employer relations shaped by strong connections with the university's seven academic colleges. The center's success is founded upon a solid understanding of career and professional development theory, integration of technology, and an

unwavering commitment to providing personalized attention towards meeting the unique individual needs of students, alumni, and employers. The CDPC is located on the Lower Level of the University Center, 412-268-2064.

The Office of the Assistant Vice Provost for Graduate Education (AVPGE) offers a robust schedule of professional development opportunities. Some are geared towards a specific population (master's students, PhD students at the beginning of their program, graduate students seeking tenure track positions, etc.) and others are open to all graduate students (time management, balancing, staying healthy). A full schedule of programs can be found at: [www.cmu.edu/graduate/](http://www.cmu.edu/graduate/).

## **6.9 University Libraries**

[search.library.cmu.edu](http://search.library.cmu.edu)

There are three main libraries at Carnegie Mellon: Hunt Library, Mellon Institute Library and Engineering & Science Library with the combined mission of providing access and help to graduate students in finding the information needed, teaching graduate students to evaluate available information and use reliable sources. The libraries' digital resources and services, including off-campus/ wireless access to databases and e-journals, offer online access. There are also two neighboring libraries open to Carnegie Mellon graduate students: Carnegie Library of Pittsburgh and University of Pittsburgh Libraries. Visit the University Libraries website for information about all mentioned library locations and hours, on-line resources and FAQ's.

## **6.10 Computing Services**

[www.cmu.edu/computing/](http://www.cmu.edu/computing/)

Computing Services is located in Cyert Hall 285. Computing Services develops, maintains and supports the computing infrastructure for Carnegie Mellon students, faculty members and staff members. This includes the campus wired and wireless networks, public computer labs or "clusters," cable television and telephone services, computing related documentation and support through the Help Center. In addition, Computing Services provides standard classroom technologies for over 100 lecture halls, classrooms and seminar rooms across campus. The website contains addition information regarding The Help Center hours, location and contact information, computing cluster hours and location, the Carnegie Mellon web portal, computing security and policies and guidelines. Students can email the Help Center at [advisor@andrew.cmu.edu](mailto:advisor@andrew.cmu.edu) with questions and for assistance.

## **6.11 Family and Dependents Resources**

The Graduate Student Assembly website maintains a resource page for spouses, domestic partners and families of graduate students: [www.cmu.edu/stugov/gsa/resources/family.html](http://www.cmu.edu/stugov/gsa/resources/family.html), including The Student Parent Association, new mother rooms, and links to resources around campus and the Pittsburgh area.

Affiliate ID Cards are available for spouses and domestic partners of graduate students that allow them to access Carnegie Mellon's campus. These cards are available through The HUB to spouses and partners of graduate students who are enrolled for the current academic year in a full-time graduate degree program. The card is valid for one year. For more information about student and affiliate ID cards, please visit [www.cmu.edu/idplus/idcards/cardtypes.html](http://www.cmu.edu/idplus/idcards/cardtypes.html).

## **6.12 Domestic Partner Registration**

Carnegie Mellon extends certain benefits to domestic partners of students. Eligible students may elect benefits for their domestic partners through the registration process orchestrated by the Office of the Dean of Student Affairs, 3<sup>rd</sup> floor Warner Hall. Information regarding the benefits available for domestic partners, eligibility for domestic partner benefits, registration instructions and forms can be located at: [www.studentaffairs.cmu.edu/dean/domestic\\_partner/index.html](http://www.studentaffairs.cmu.edu/dean/domestic_partner/index.html).

## **6.13 Housing**

The university does not currently offer housing to graduate students. The Office of Housing and Dining Services does provide community housing information to assist graduate students who are seeking housing in the communities surrounding the university, including information on the legal aspects of renting an apartment, moving checklists and the off-campus housing database. This information can be located at: [www.cmu.edu/housing/community-housing/index.html](http://www.cmu.edu/housing/community-housing/index.html).

## **6.14 Dining**

[www.cmu.edu/dining/](http://www.cmu.edu/dining/)

Dining services and operations are offered through the Office of Housing and Dining Services. The office operates dining locations open around campus in academic buildings, Hunt Library and the University Center. These locations offer flexible hours with options from the early morning through late night. The Dining Service website contains information about dining locations, hours of operation, graduate student dining plans forms, nutritional information, and weekly menus for dining locations.

## 6.15 Parking and Transportation

[www.cmu.edu/parking/](http://www.cmu.edu/parking/)

Graduate students will find information about parking and availability, parking policies, transportation options and Port Authority Transit usage with a valid university ID on the Parking and Transportation Services site. The Parking and Transportation Services office is located in the lower level of the University Center, LL#8. There is limited parking on campus, and the varying permit rates can be found on the website. All parking areas of campus are either by permit, metered or by the hour in the garage. Parking and Transportation Services will ticket any car parked in a permit area without a permit or at an expired meter. The city monitors the metered parking along Margaret Morrison, Frew and Tech Streets and will ticket at expired meters as well.

The university offers shuttle and escort services operated by University Police. The Shuttle Service operates several routes within Oakland, Squirrel Hill and Shadyside areas, as well as to University sites located outside of the main campus. The Escort Service offers vehicle routes within a radius of campus between 6:30 pm-6 am daily. Information regarding up-to-date shuttle and escort schedules, pick-up/drop-off locations, routes and usage policies can be found at [www.cmu.edu/police/shuttleandescort/](http://www.cmu.edu/police/shuttleandescort/).

SafeWalk provides another option to campus community members walking across and around campus during late-night hours. SafeWalk is a student volunteer organization that provides campus escorts for all members of the Carnegie Mellon community. SafeWalk operates nightly during the regular academic year (except certain holidays and break periods) from 10pm until 2am. Students, faculty, and staff may request an escort by calling 412-268-SAFE (8-7233 from a campus phone), by approaching an escort team, or by stopping by the SafeWalk dispatch area in the University Center, Lower Level near the Post Office Package Pick-Up window between 10pm-2am. SafeWalk will escort to locations approximately one mile from campus. Additional SafeWalk information can be found at [www.studentaffairs.cmu.edu/safewalk](http://www.studentaffairs.cmu.edu/safewalk).

## 6.16 Copying, Printing and Mailing Services

## 6.17 University Center

[www.cmu.edu/university-center](http://www.cmu.edu/university-center)

The University Center is a centerpiece of the campus that provides a space for special events,

physical fitness, student organizations and various activities, as well as accommodating retail and dining services. As the campus crossroads, the University Center functions as a place for students to interact, get involved and enjoy new experiences. Visit the University Center website for information about campus eateries, ATMs and PNC Bank, fitness rooms and schedules, retail stores, scheduling University Center space, the public prayer room, student organizations and the Wright-Rogal Chapel.

The University Center Information Desk is the location if you want to know about upcoming campus events or have questions about Carnegie Mellon in general, call the Information Desk at 412-268-2107. The Information Desk not only provides information about campus events, but also sells postage stamps, makes copies, sends faxes, distributes campus maps, manages a lost & found, and has information brochures about Pittsburgh and the campus.

## **6.18 Athletic/Fitness Facilities**

[www.cmu.edu/athletics](http://www.cmu.edu/athletics)

For the participant or the spectator, Carnegie Mellon offers intercollegiate athletics, intramural sports, physical education classes and club sports. ## **7.1 Key Offices for Graduate Student Support**

## 7.1.1 Office of the Assistant Vice Provost for Graduate Education

[www.cmu.edu/graduate](http://www.cmu.edu/graduate); [grad-ed@cmu.edu](mailto:grad-ed@cmu.edu)

The Office of the Assistant Vice Provost for Graduate Education, AVPGE, directed by Suzie Laurich-McIntyre, Ph.D., Assistant Vice Provost for Graduate Education, provides central support for graduate students in a number of roles. These include: being an ombudsperson and resource person for graduate students as an informal advisor; resolving formal and informal graduate student appeals; informing and assisting in forming policy and procedures relevant to graduate students; and working with departments on issues related to graduate students and implementation of programs in support of graduate student development.

The Office of the AVPGE often partners with the division of Student Affairs to assist graduate students with their Carnegie Mellon experience. Senior members of the student affairs staff are assigned to each college (college liaisons) and are often consulted by the Assistant Vice Provost for Graduate Education and departments on an individual basis to respond to graduate student needs.

The Office of the Assistant Vice Provost for Graduate Education (AVPGE) offers a robust schedule of professional development opportunities. Some are geared towards a specific population (master's students, Ph.D. students at the beginning of their program, graduate students seeking tenure-track positions, etc.), and others are open to all graduate students (time management, balancing, staying healthy). A full schedule of programs can be found at: <http://www.cmu.edu/graduate/>.

The Office of the AVPGE also coordinates several funding programs, and academically focused seminars and workshops that advise, empower and help retain all graduate students, particularly graduate students of color and women in the science and technical fields. The fundamental goals of our programs have been constant: first, to support, advise and guide individual graduate students as they work to complete their degrees; second, to contribute to the greatest degree possible to the diversification of the academy.
